***Introduction *** Hello!

My name is Kandel Manisa from Nepal .

I came to Japan four years ago and now working at the India and Nepal curry restaurant in Sakamaki, Ama City. I have been participating on Wednesday morning class of the JJ Nihongo Club since March of this year.

Japanese languages I learned from volunteer teachers are very useful in daily life and work. I'm glad to make friends with people from other countries and enjoy participating in the International Association events. Thank you.
